ABOUT ME

Art History graduate with a passion for image-centric experiences and a keen eye for design. Seeking to transition into the world of UX Design to bridge the gap between aesthetics and functionality. Eager to utilize my knowledge of visual storytelling and user-centered principles to create intuitive and engaging digital interfaces.

WORK EXPERIENCE

- 20.06.2021- Present
Fenco SRL | Caraiman 104, Bucharest
Appraiser of Movable Goods
 - Computed final estimation of property values, taking into account such factors as depreciation, replacement costs, value comparisons of similar properties, and income potential.
 - Inspect properties to evaluate condition, special features, and functional design, and to take property measurements.
 - Photographed properties in order to assist in estimating property value, substantiate findings, and complete appraisal reports.
 - Prepared written reports that estimate property values outline methods by which the estimations were made, and meet appraisal standards.
- 03.05.2019 - 15.12.2022
